The 7th Mock Interview was held on 22 Nov (Sat) 2008 at HFCC.

21 alumnae and our honorable guest Dr. Chung Siu Leung, who had been a teacher of HFCC, shared their precious Saturday afternoon as interviewers with 56 of the HFCC students in the Mock Interview in school.

Mock Interview is a popular activity organized by the school Careers Guidance Team and AA. Through this activity, students of S5-7 are given a chance to practice their interview skills in order to prepare themselves for the coming university entry interviews and job interviews. We invite alumnae to be our

interviewers every year. It is a valuable chance for our students (interviewees) to learn from the alumnae and also an opportunity for the alumnae to keep the bond with their mother school. The alumnae, the teachers, the AA committee members and Doctor Chung also enjoyed the time chatting and exchanging ideas with each other at the sharing sessions. Some alumnae were excited to see the new face of the renovated library and new staff rooms at the new wing.

The Mock Interviewers this year were: Dr. Chung Siu Leung, Fiona Luk, Mabel Lau, Stella Lam, Jada Wong, Anna Kwong, Margaret Chiu, Vivian Moy, Kitty Leung, Florence Ng, Michelle Li, Nancy Cheu, Wany Leung, Eliza Cheung, Linda Wu, Kathy Chung, Popo Shiu, Janet Lau, Anna Chan, Kelly Kan, Martha Yeung and Flora Mak. Thank you very much!

We hope you will be one of the interviewers and share your valuable experiences with HFCC students next year!

After working closely for the past six months, AA committee members gathered to enjoy the festive fun on Christmas Eve. We were pleased to have Ms. Sung, Mrs. Tsui, our advisors and some former ex-co members with us. It was a harmonious night when old friends exchanged the exciting episodes of their recent lives and new members got a glimpse of the caring nature of the family of alumnae.

Message from Newcomer

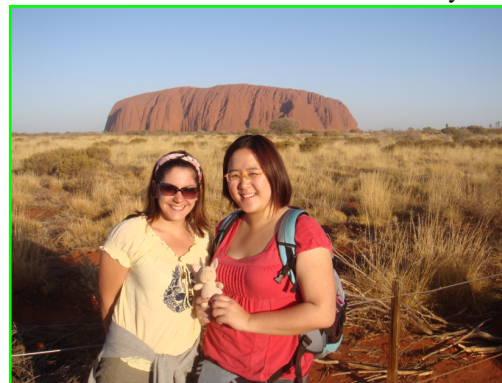

Hello, Holy Familians! I am Mandy, one of the new ex-co members of the Alumnae Association. It has been an honour to be nominated and elected to serve the alumnae in this committee. So far, I have helped in the previous Annual Dinner, attended meetings and kept in touch with other committee members through email.

Last year, I went abroad to Australia on a half-year exchange programme. It was a great experience to travel to the southern hemisphere, meet new friends from different backgrounds and live in the Australian culture. While the Opera House is a magnificent architecture and Port Arthur is a representative relic of the penal colony, the most memorable part of my stay was gazing at the thousands of twinkling stars sprinkled across the clear night sky of Uluru.

Every morning when I left my apartment for class, I would see a family of ducks, some called pink and grey galahs, or a couple of hopping bunnies. No doubt Australia is one of the best countries to visit for getting in touch with nature.

Now that I am back, I am, on one hand, very glad to be with my parents and friends; on the other hand, I am still adjusting to the hustle and bustle of life in Hong Kong. To pick up where I left off, I am looking forward to helping out and meeting more alumnae in the coming AA events.

All Rounder Award 2008 Winner: Bess Chung

I am honored to be the winner of “The All Rounder Award” last year. When I was filling in the application form and writing the recommendation essay, I kept asking myself, “What achievements have I made so far? Do I deserve the title of an all-rounder?” In order to answer these questions, I examined myself in depth, looking at both my weaknesses and strengths. In other words, I went through a process of self-reflection and self-discovery.

The briefing session and the interview benefited me a lot. With their experience and professional ideas, our alumnae taught me how to stand out in an interview, which will definitely help me in my tertiary education and future career. Every word in the feedback I got from the interview panel deepened my understanding of myself. Frankly speaking, I was fairly complacent about my performance in the interview! However, the interview panel showed me the room for improvement which I did not notice. Even when I am now studying at university, I find that all the things that I learnt from this competition are very useful, especially when I am taking up different posts.

A difference has been made to my life since I have the honor of being selected as the winner of the All-Rounder Award. Winning the prize allowed me to get a better understanding of the importance of support from the people around me. Furthermore, this honor served as proof of the hard work of my parents and teachers in my development.

This competition is meaningful as it gives you an opportunity to strive for self-betterment, and enables you to face the keen competitions in our future. Opportunities are everywhere but you have to grab them. Don't hesitate! Take the initiative and expose yourselves to the challenge!
